CSI 3350, Programming Languages Lecture 1
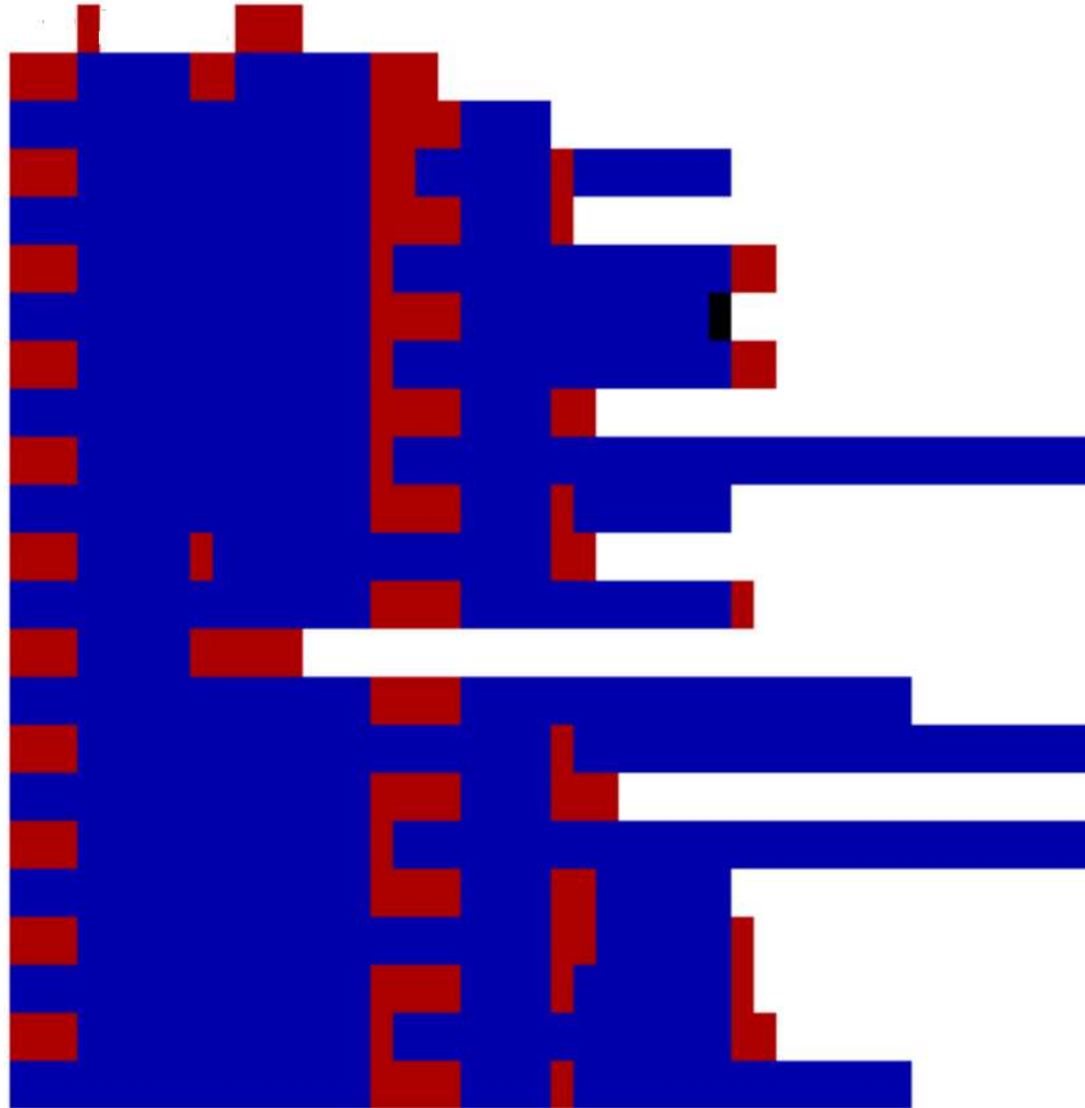

Instructor: Mehdi Bagherzadeh

Department of Computer Science and Engineering
Oakland University

What is this slide showing?

What is this slide showing?

Which one is better
to learn programming in?

*Which one is better
to learn driving?*

Which one is better to learn using?

Depends on the use case

Should I learn programming in all of these separately?
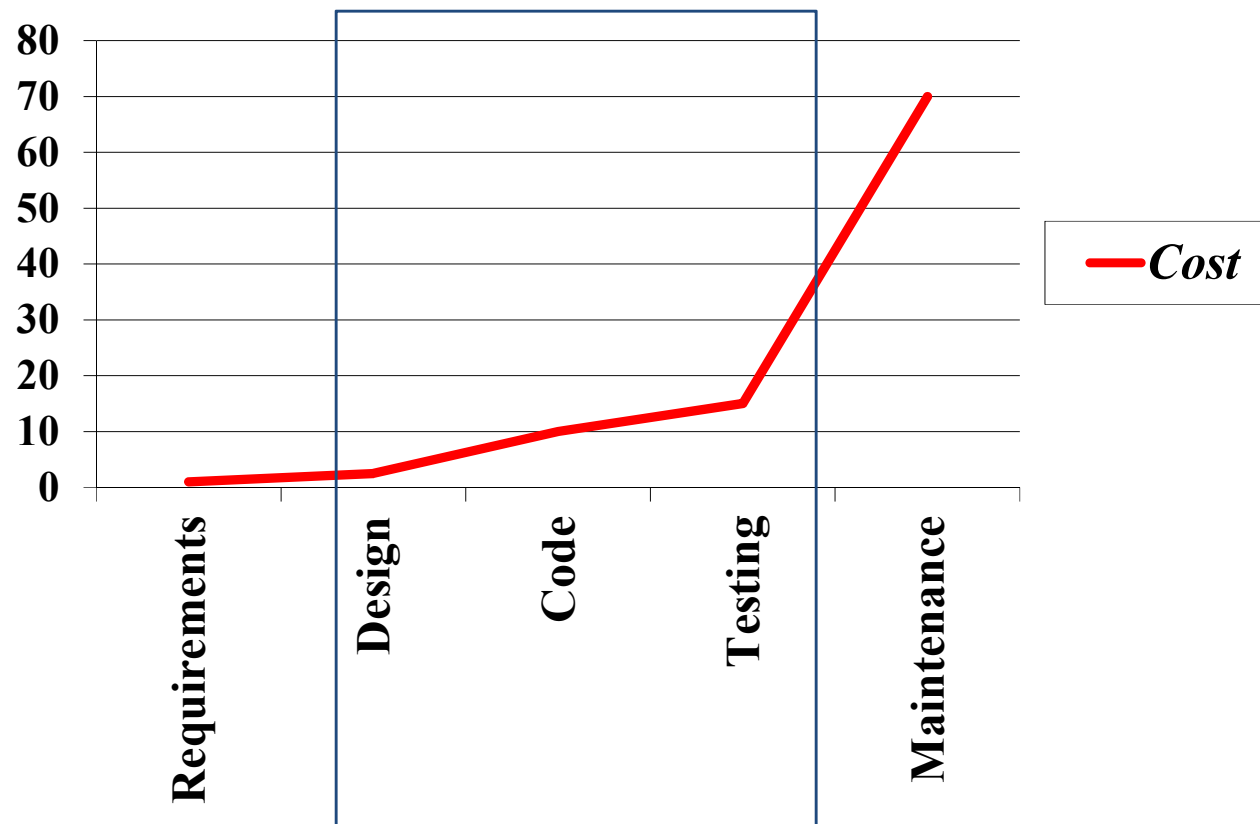

Should I learn driving all of these separately?

Learn driving once,
drive any car afterwards

Learn language semantics once, program in many language

Software engineering phases

Betty Cheng lectures on requirement engineering

What programming paradigms are out there?
